

Serial number: 10/512,016
Preliminary Amendment dated: June 23, 2005
Response to Notification dated March 30, 2005

Amendments to the Specification

In fulfillment of 35 U.S.C. § 371, a translation of the application as filed into English is provided herewith. Further, in accordance with 37 C.F.R. § 1.125, a Substitute Specification is provided herewith. Please amend the specification by substituting the enclosed Substitute Specification for the English language translation provided herewith. In accordance with 37 C.F.R. § 1.125, a copy of the Substitute Specification is also filed with markings to show all the changes relative to the English translation filed herewith in response to the Notification of Missing Requirements.

No new matter is added by the Substitute Specification. It is submitted only to conform the specification to current PTO requirements.
